

Let's work together to keep SARSEF Fair a happy and healthy place!

Wash your Hands

1

Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.

Avoid Touching your Face

2

Avoid touching your eyes, nose, and mouth with unwashed hands.

Stay Home when you are Sick

3

Not feeling well? Go home and take care of yourself.

Sneeze / Cough into your Elbow

4

Cover your mouth and nose with the inside of your elbow when you cough or sneeze. Even better - cough or sneeze into a tissue, throw the tissue away immediately, then go wash your hands.

Keep items clean

5

Clean and disinfect frequently touched objects and surfaces.

Use the SARSEF Handshake

6

Don't shake hands - use the SARSEF handshake! Put two thumbs up in the air for science!
